Amend the narrative of Org. Unit No. 1800-1996 – Sales Tax Revenue as follows:

County Sales Tax Revenue: Sales tax collections are projected to decrease by approximately ~~\$7.6~~ \$5.6 million, from \$84.0 million to ~~\$76.4~~ \$78.4 million. The net sales tax budgeted in Org 1996 is ~~\$67.8~~ \$69.8 million (~~\$76.4~~ \$78.4 million gross sales tax less State administrative fee of \$1.3 million and capital improvements allocations of \$7.3 million). Amend Org. Unit No. 3700 – Office of the Comptroller as follows:

- Reduce vacancy and turnover by increasing salary and social security appropriations by \$250,000 to establish a percentage of wages funded of 89 percent.

Amend the narrative of Org. Unit No. 3700 – Office of the Comptroller as follows:

The Comptroller's Office has a slight increase in its 2021 tax levy compared to 2020. In order to defray the loss of \$184,180 in revenue from the Enterprise Resource Planning Capital Project (WO60201), vacancy and turnover has increased by ~~\$302,436~~ \$52,136 from the 2020 Adopted Budget. ~~Even though the Comptroller has a critical need to maintain its current staffing in 2021 due to anticipated launch of the ERP, the Comptroller will likely have to hold positions vacant in order to meet the vacancy and turnover in this budget which could cause disruptions in the delivery of the ERP.~~

Amend Org. Unit No. 9000 – Department of Parks, Recreation, and Culture as follows:

- Provide \$65,000 in seasonal funding to allow the Mitchell Park Domes to operate for the full year.

Failure to earn the revenues associated with the segregated operational funding will require corrective action including but not limited to additional facility closures.~~

#### Summary of service level changes

- ~~• Parks segregated \$474,000 in revenue and expenditures related to revenue generating functions which may not be earned due to lingering restrictions from COVID-19. Failure to earn the revenues associated with the segregated operational funding will require corrective action including but not limited to additional facility closures.~~

Amend Org. Unit No. 9500 – Zoological Department as follows:

- Reduce revenues by \$250,000.

Amend the narrative of Org. Unit No. 9500 – Zoological Department as follows:

*[Note: Narrative is on page 374]*

The COVID-19 pandemic has had significant impacts to the Zoo in 2020, including temporary closure of operations, followed by phased re-openings with limitations on attendance as well as reduced opportunities to host large events. These closures and limitations have led to reduced Zoo revenue collections in 2020 and have resulted in a need to identify savings through various methods including staff furloughs, hiring and spending freezes, and other savings.

In order to avoid more substantial cuts that might be required for possible revenue deficits in 2021, the Zoo has identified ~~\$908,400~~ \$658,400 of savings in multiple areas including staffing costs, commodities and services, and operating capital. While funding for these costs are included in the 2021 budget, accounts will be “frozen” until it can be demonstrated that revenue collections can support the expenditures. The Zoo will work with the Office of Performance, Strategy & Budget to monitor public health conditions and operational feasibility for revenue generating functions. Failure to earn the revenues associated with the segregated operational funding will require corrective action including but not limited to the already identified savings options.

Amend Org. Unit No. 8000 – Department of Health and Human Services as follows:

- Provide \$500,000 in an allocated contingency account in the Youth and Family Services Division.
- Provide \$250,000 in an allocated contingency account in the Housing Division.
- Provide \$100,000 to the Aging Division.

Amend the narrative of Org. Unit No. 8000 – Department of Health and Human Services as follows:

*[Note narrative is on p. 341]*

### Community-Based Alternative Programming

DYFS is committed to providing community-based programming that is individualized and meets the unique needs of youth and families that touch the youth justice system. Reinvestment of funds formerly dedicated to DOC placements is needed to tackle racial inequity and provide support to vulnerable populations (i.e. ability, age, gender, etc.) disproportionately impacted by historical and current structural issues. To thrive and be healthy, communities, families, and individuals need access to quality care that addresses their underlying needs in a way that promotes dignity. They also deserve investment in programming and services that are research proven to promote positive quality of life outcomes such as community safety, family and social support, housing as well as foster healthy behaviors.

The \$1 million in savings resulting from the transition of youth from Lincoln Hills and Copper Lake will be used for Credible Messengers, an Achievement Center and other programs aimed at competency building, youth engagement, or community capacity building. A Credible Messenger Program would offer emotional first aid, violence interruption/mediation, and advocacy for youth justice system-involved youth. Achievement Centers would provide educational and vocational services, job placement, apprenticeships, and job certification programming for youth and their family members. The initiative would be supported through partnerships with schools, community organizations and other public agencies.

In addition, an appropriation of \$500,000 is included in an allocated contingency account in the Division of Youth and Family Services to provide expanded community alternatives for youth. DHHS staff shall submit a plan to the County Board of Supervisors as soon as practical on the recommended use of the funds to provide additional community-based services.

*[Note: Narrative to be added on page 348]*

### Supplemental Funding

An appropriation of \$250,000 is included in an allocated contingency account in the Housing Division to provide supplemental funds to combat homelessness and housing insecurity. DHHS staff shall submit a plan to the County Board of Supervisors as soon as practical on the recommended use of the funds to provide additional resources to the Housing Division.

*[Note: narrative is on page 358]*

The future of social programming, and whether that programming takes place at the physical senior center locations, remains undetermined due to the COVID-19 crisis. Virtual presentations, education, and programming activities are in the planning and beginning

An appropriation of \$50,000 is also provided to augment services provided to seniors.

Amend Org. Unit No. 4000 – Office of the Sheriff as follows:

- Provide \$50,000 as a one-time allocation for specific project needs.

Amend the narrative of Org. Unit No. 1900-1966 – Federated Library System as follows:

A one-time allocation of \$50,000 is provided to the Federated Library System to expand digital resource materials. The COVID-19 pandemic has highlighted the need to make more materials available electronically to aid library users who are unable to physically access a system location. This allocation is separate from the annual support provided to the Milwaukee County Federated Library System.

Amend the narrative of Org. Unit No. 1900-1974 – Fund for the Arts and Org. Unit 9000 – Department of Parks, Recreation, and Culture as follows:

The Department of Parks, Recreation and Culture staff, working in conjunction with the Milwaukee County Cultural Artistic and Musical Programming Advisory Council (CAMPAC), will review the eligibility requirements for CAMPAC awards to determine if there are more racially equitable methods to allocate the funds, especially to smaller groups with limited access to private fundraising. A summary of the findings and recommendations shall be submitted to the County Board of Supervisors for review and approval prior to the distribution of funds for 2021.

Amend Org. Unit No. 9960 – General County Debt Service as follows:

- Increase expenditures for principal payments on general county debt by \$150,000, decrease expenditures for interest payments on general county debt by \$874,169, and increase the contribution from the debt service reserve by \$371,174.

Amend Org. Unit No. 8000 - Department of Health and Human Services, Aging Division budget narrative as follows:

The future of social programming, and whether that programming takes place at the physical senior center locations, remains undetermined due to the COVID-19 crisis. Virtual presentations, education, and programming activities are in the planning and beginning implementation stage to ensure that former senior center customers, as well as other older adults, can remain socially and physically active. ~~A slight reduction of \$50,000 is proposed in the senior programming contract. The Division continues to work with the contracted vendor to provide robust services through a combination of in-person and virtual senior programming throughout the year, five days a week.~~

An appropriation of \$136,000 is provided to ensure that there are no reductions to senior center programing.
